DECLARATION OF KYEONG JIN KIM UNDER 37 C.F.R. § 1.132

Sir:

I, Kyeong Jin Kim, do hereby declare and say the following:

1. I am an employee of Nokia Corporation, the assignee of the present patent application, U.S. Patent Application Serial No. 10/601,071 (the "'071 application") filed June 20, 2003.

2. I am also the sole inventor of the subject matter disclosed and claimed in the '071 application.

3. I am furthermore one of the named authors of the subject matter disclosed in the publication *Joint Channel Estimation and Data Detection Algorithms for MIMO-OFDM Systems* (Nov. 2002) (the "*Kim* publication"). The *Kim* publication also includes Jiang Yue as a named author.

4. I hereby declare that the *Kim* publication discloses subject matter derived from me, notwithstanding the authorship of the *Kim* publication. To the extent that the *Kim* publication describes any portion of the subject matter disclosed and claimed in the '071 application, that common subject matter was derived solely from me.

5. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements or the like so made are punishable by fine or imprisonment, or both, under 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Dated: July 6th 2007

Signed: *Kyeong Jin Kim*
